Another Philippine Leak Noted In Washington; Collectors Doublecrossed

Some few months ago quite a stink was caused in stamp circles by the reprinting and sale of many of the Philippine stamps which have been out of issue, out of use during the war period. At that time it appeared that new printings had been made for the sole purpose of selling to collectors, since there was no possible use for the stamps in the Philippines and no need for any further printing.

After the sales were discovered and made public the Philippine Commission at Washington made a clean breast of the matter and promised in good faith that it would not happen again.

We now have information that the back door has been opened again and the two stamps principally concerned are the very scarce 26c and 30c values, Scott Numbers 441 and 442 of the Commonwealth issue. These stamps catalogue \$1.25 each with a face value of but 13c and 15c in U. S. coin. The No. 442 is the rarest of the two stamps and despite catalogue value of \$1.25 it has been worth much more and has been selling above catalogue.

We are unable to state whether the entire set has been sold recently, but we do have definite information that the above two stamps have been passed out recently at Washington. Whether these are stamps from stock in hand or a new printing we are unable to state but it is believed that they are reprints and if such it is not yet established whether there is sufficient difference in them from previously issued stamps to make them distinctive.

If reprints, the records at the Bureau will certainly show and stamp collectors are entitled to have a statement from Mr. Hall if these stamps have been reprinted. There is no question that numbers of them have been sold from Washington in the past two weeks. Several New York dealers have been known to have made a trip to Washington for the express purpose of obtaining a supply of these two stamps and possibly others.

It has been some years since these two items were on the sales list of the Philippine Commission, they went of this list soon after Pearl Harbor. Also these two items were not included with those reprints sold during the last scandal concerning which we have already made mention.

During the Holiday season rumors spread in New York that these two stamps were available from some source. Several New York dealers are known to have gone to Washington for a supply. Washington is now reported to be sold out. It is not known if any other of the rarer issues have been reprinted and sold out the back door. Until it is determined whether these printings differ from the original printings collectors would be wary about the purchase of these stamps at high prices.

There should be some method by which stamp collectors can be safeguarded in instances of this sort. We are able to suggest a method which would apply in

Adolph Is Running Out Of Paper

No better proof of the desperate plight of the Nazis need be shown than the above block of postage stamps, illustrated in actual size, and picked up by an American Soldier in the recent drive into Germany. These midget stamps are about 3/4 actual size, printed by a typographic process probably from electrotype plates, on a peculiarly gummed paper, perforated 11.

This specimen was sent home from an American soldier whose home is in Piqua, Ohio. He was hospitalized in London when the stamps were mailed to his mother who gave a few of them to Mr. Sam Avy Jr., to whom we are indebted for this illustration.

The stamps at hand are of two values, a 6 pf. red and a 12 pf. in purple. Both are identical in design having the figures of value in each upper corner, the head of the "rug chewer" in the center and "DEUTSCHES REICH" in small capital letters at the base.

The printing is a very poor job looking almost as though it might have been done from stereotype forms. Perforation holes are large and the centering is atrocious on the 12pf. value.

No such recourse for the saving of paper was apparent in the last war and these stamps are ample evidence of the present situation in Naziland.

cases of this sort and it is only necessary for our Bureau of Engraving and Printing which prints these stamps to make due announcement of such printings in the same manner as they announce printings of our own stamps.

We see no reason which would prevent such statements from being made and we call on the Department in the name of clean Philately to make it a rule to make such announcements in the future and to release at once an announcement covering printing of the Philippine stamps over the past five years.

We will of course be told that this is a matter for the Philippine Commission to announce if they choose and that it is no business of the Post Office Department.

If and when the leading stamp collector societies of the country, the hundreds of clubs in various cities and the Association of Stamp Dealers get up enough interest in what should be their business, to protect the collector, we might find a way to remedy these matters, but so long as the Stamp collector organizations carry on as they have always carried on, there is probably little hope for the individual collector.

MORE SCOUT STAMPS

Referring to our list of Boy Scout Stamps as published December 21st. Mr. Theodore B. Mackin of Lincoln, Nebraska sends a list which he states are stamps that honor the Scouts or other organizations closely allied with or of a similar nature and that these stamps might well be included in any such collection. We give merely the names of the countries and the catalogue numbers.

Germany 463-4.
Hungary 481 to 485.
Lithuania B47 to B50.
Russia 583 to 588.

THAT \$1101.11 COVER

Referring to that cover with such heavy postage that came into Bridgeport, Conn., recently we have a letter from Wallace E. LeCount which gives some interesting information. He says the bank which received the shipment of bonds had the cover framed and it hangs in their lobby. As might have been expected it was a metered mail cover bearing eleven meter adhesives of \$99.00 each which is probably the maximum and a single meter strip of \$12.11 making the total of \$1101.11. The cover is a large red fibre envelope about 12x15 inches in size.

Michael Miller Says It Isn't So!

In reviewing the recent Philatelic Congress year book, we remarked that Michael Miller of Baltimore collected only pieces of stamps.

Mr. Miller hastens to correct that statement and sends us a list of his Philatelic Interest, which if he handles them all should be enough to keep any man busy and broke.

Besides "splits" Mr. Miller states his other interests are an early complete collection of Mint U. S. Singles; 20th century U. S. imperforates, mint pairs and blocks in all positions; The 1c U. S. of 1908-1923 highly specialized; Baltimore cancellations on stampless covers; Confederate States mint singles and blocks and on cover and he states that the only mint block he needs is the frame line 10c stamp; Canada and almost complete from 1868 including singles, blocks and shades; Danish West Indies highly specialized; Balloon Post of siege of Paris and in top of all this what he calls an Educational Collection.

Well, with all that we think Mr. Miller has a plenty to keep him occupied in his spare time.

New Army Order To Affect Stamp Dealers

The proposed new Army Orders to bring about induction of many of those with a 4F classification as well as a review of previous deferments is already showing up as affecting the stamp trade.

One New York Dealer has already asked for cancellation of his advertising contract due to an expected call and also one mid-western dealer has also made the same request.

This order will also doubtless cause some loss of help among the older dealers not subject to the call, as many of them doubtless employ younger people who will be ordered into essential employment.

Korea Flag Stamp Is Sold Out At Washington Philatelic Agency Leads All Flags For Top Prices

The Korea Flag Stamp is sold out at the Philatelic Agency at Washington. The Agency list dated Jan. 1st. does not include it, but rumors have been coming in during the past ten days that something was happening with this stamp. Already, asking prices for full sheets put this stamp at the head of the list of the thirteen flag stamps which have been issued. Heretofore the Poland stamp held that position but now comes the Korean stamp for which we note an asking price of \$4.95 per sheet. Opinion expressed by some of our readers is that the great amount of publicity given this stamp in our

BOSTON NOTES

Met Daniel F. Kelleher who runs the larger auctions in Beantown. He was just getting over the previous auction held on January 6th and dashing madly about to corner Korea sheets which I had been told were suddenly taken off the list at the philatelic agency in Washington. Folks sure gobbled them up, but when the first sign of a depression or slack times in the factories comes along you'll be buying these and other flag stamps at face. In case you think Case is wrong, remember the Parks!

No trip to Boston would be complete for me without a visit to my old friend "Hoppy" Hopkins of Tremont Stamp Co. Hop is still a great booster of Linn's and besides being one of the towns foremost dealers in stamps has now taken to raising puppies, chicks and has learned to imitate dogs and chickens. It's a little disconcerting to sit deliberating over whether to purchase a set of Zeps, only to be aroused by a violent imitation of a pack of wolf-hounds or the clucking of a hen who has laid an egg. Great guy, Hopkins, and he'll be even better when he comes out of the clouds and lands on this earth. I mean—he's out of this world.

If you ever get to Boston and have a moment, step in and meet David Turner at H. E. Harris and Co., in charge of retail sales. Swell guy and really knows his stamps. Had a chat with Stephen "Ad writer" Harris who is knee deep in a new catalogue of the stamps of Europe. Finally, I had a fine talk with H. E. Harris, whose son has landed on foreign shores with the air corps. Visiting his offices is a constant source of amazement, amusement and pleasure to me for it's a welcome relief to visit a stamp establishment where there are a host of workers and where law and order are the rule instead of the exception—and those rows and rows and safes full of stamps in singles, sets and entire collections is something to conjure with—and what other firm in the nation can conjure with this tremendous stock?

CONSTELLATION COVERS SOLD AT AUCTION

Word is at hand from Washington that 24 of the Red Cross Constellation covers were to be sold there at auction in the YMCA Assembly Hall before a joint gathering of members of the various societies in Washington, January 16th.

It is to be regretted that this announcement was not made early enough that bids could have been sent by mail by readers of this and other stamp papers. Such a procedure would have undoubtedly resulted in better and higher prices for these covers.

DEATH OF W. H. EMMERT PHILADELPHIA PHILATELIST

Mr. J. H. Wygant of Philadelphia sends a clipping telling of the sudden death of Mr. W. H. Emmert of 5902 Ellsworth Street.

Mr. Emmert died at the home of his daughter in Pittsburg, where he had been visiting after an illness of two months. He was 83 years of age and well known throughout the eastern part of the country in stamp circles, having collected stamps for 72 years.

FIRST PRIZE WINNER IN
 THE CONTEST "WHY I COL-
 LECT STAMPS" Won by Arthur
 Gray of Sioux Falls, S. D. who
 says, "I collect, primarily, because
 I find so much enjoyment in doing
 so. That really is all the reason
 anyone needs to justify his philat-
 elic activities."

My age is 40 and I have collect-
 ed several years. In that time my
 ideas and objectives regarding
 stamps have crystallized; I know
 what I want to collect and how-
 and why. I see this hobby of mine
 as a long range, life time proposi-
 tion. I have tested it and found it
 a good thing and good for me.
 It has proved to be a splendid
 thing to turn from the activities of
 a busy business life. How easily
 one becomes so absorbed in the
 study and handling of stamps that
 the hours pass by unheeded. And
 as a means of meeting many fine
 people and a basis for forming
 splendid and lasting friendships
 the collecting of stamps rates a
 very high mark.

I cherish it as something which
 will contribute greatly to an in-
 teresting and happy life when the
 score is 60 or 70 (or do enthusi-
 astic stamp collectors ever grow
 old?) If I live the normal span of
 years I expect my collection to
 constitute an important part of my
 estate. Because money spent
 carefully and wisely for fine
 stamps is not "money down the
 well"; on that, I think, we all will
 agree. And that, friends of
 stampdom is why I collect
 stamps".

NOTE TO MR. GRAY: And
 that, sir, is a pretty fine answer
 for any collector to give to the
 non-philatelist who sneers at phi-
 latelists as "child's play." Congratu-
 lations on winning the first prize
 for the best entry submitted.

OH YEAH DEPT.—Earl Wilson,
 who writes a column called "It
 Happened Last Night" in the New
 York Post is at his best when he
 writes about saloons and cinema-
 te celebrities and the sizes
 weights and measurements of
 their anatomies, but when the lad
 turns to more serious thoughts
 he's like a poor fish out of water
 as witness his lead in the column
 of December 30th: "Some jerks
 collect stamps, (get that!) some
 collect jewelry, some collect art,
 but my Beautiful Wife collects me
 after cocktail parties". Seems
 some Beautiful Wives collect
 jerks! And while you call stamp
 collectors, jerks, bud, better be
 careful the next time you inter-
 view Adolph Menjou or Jean Her-
 sholt or they are likely to hit you
 over the head with an album of
 stamps worth more than you'll
 earn in any given year!

INFORMATION WANTED: The
 fellow or lady in New York, Chi-
 cago or any town boasting of one
 or more stamp dealers has an easy
 time of collecting stamps. What I
 want to know is, how do you
 folks who live in cities go about
 collecting? I assume you use the
 columns of this paper as a dealer
 source, but collecting in non-
 dealer towns and cities must be
 fascinating and I'd like to hear
 from as many of my readers who
 reside in non-dealer towns as care
 to write. Perhaps you have stum-
 bled across some stunt that would
 enable others to carry on their
 collections to greater advantage
 and I'd like to reprint your let-
 ter or parts thereof that would be
 helpful to them.

PRICES: Prices are again on the
 upward move and dealers stocks
 are becoming lower and lower.

cases, unable to fill complete or-
 ders from dealers and you can
 look for a sharp rise in mint and
 used air mails, Jubilees and Cor-
 onations and the better stamps of
 the more popular countries. As
 long as importations are held to
 a minimum and wages are high,
 which means that few collections
 are sold, stamps will continue to
 become scarcer as long as the war
 lasts. Better fill in those vac-
 ant spaces before it's too late.

A. M. G. STAMPS: Stamps is-
 sued by our army in Italy and
 more popularly known as AMG
 stamps were originally marketed
 at two dollars a set, went up from
 there and then took a sharp nose
 dive. I recently saw about a
 thousand sets of the used copies
 which the owner is perfectly will-

 of the new issues coming over

NEWS FROM THE FRONT

Received a letter from mem-
 ber #248, Sgt. Mel Schirmer,
 from somewhere in France, in
 fact he's using French stamps on
 his mail, and he requests that I
 "ask the gang to write me, will
 ya?" His address in the year
 book is correct.

Also received a letter from
 member #323, Pfc. Andy Flesch
 and he must be well up in the
 front for he's using Hitler stamps
 on his mail. The censor didn't
 appreciate the stamp much as he
 scribbled on the face of it and
 wrote alongside, "You're stuck!"
 He'd like to hear from some of
 the folks also even though he
 says he is pretty busy these days.
 On his address simply eliminate
 "Camp Howze" and add "c/o PM
 New York City."

Another old-timer, member
 #127, Cpl. Bob Schink, wrote in
 from Belgium that he's really do-
 ing some heavy stamp collecting
 over there. He was recently elec-
 ted an honorary member of a
 stamp club in the city of Brus-
 sels, has completed all the Ger-
 man occupation issues from 1940
 to 1944 and is now working on
 the French issues. Says prices
 are very high over there. Is in-
 terested in getting some of the
 occupation stamps of Sicily and
 Italy. Why don't you drop him
 a line, maybe you can do some
 business with him on stamps.
 He says Flag stamps are better
 than money where he is.

An Unusual Booklet Pane

One of the most interesting features of collecting booklet panes is the plate number panes which are probably the ones that are more generally collected than any other of the marked panes. We are able to illustrate one here which altho mentioned by Scott is unlisted in the usual manner and thus not priced as are most other panes.

This is one of the Rotary Press Printings in which the sheets are printed from plates that are laid out without the usual guide lines and markings of the Flat plate printings and the only marks on these Rotary Press sheets are the plate numbers which are at the top edge alongside of the first stamp at either right or left side of the sheet, thus they may be found with number at right or at left. Numbers are also found at the lower edge of the sheets which would make them come on the panes at the edge of the lower stamps in the booklet pane.

In referring to these Rotary Press Booklet pane sheets, Scott has a note in minute type on page 172 of the current Specialized catalogue which says:

"The Rotary press booklet panes were printed from specially prepared plates of 300 subjects in arrangements as before, but without the guide lines and the plate numbers are at the sides instead of at the top on the flat plates. Thus no varieties are possible other than the ordinary pane (A). Partial plate numbers appear at the right or the left of the upper or lower stamps of a book-

let pane when the trimmings of the sheets is off center. This note applies to numbers 583b, 632d, 634a and 720c."

When this pane was submitted to us by Mr. N. E. Collins, of Algonac, Michigan, we were rather stumped in trying to identify it because of the meagre listing, but finally found the reference which we quote above.

In examining and checking this pane which is definitely the 2c Type I, issue of Feb. 25, 1927, perf. 11x10 1/4, we noted that the numbers listed in the paragraph quoted above did not agree with catalogue numbers as given in the body of the catalog.

We therefore find that Scott must have two numbers mixed in the paragraph above and the numbers should read 632a, and 634d, instead of 632d and 534a as they are listed.

The panes submitted by Mr. Collins are plates 19274 and 19275.

QUESTIONS AND ANSWERS

Publishers are always receiving letters from collectors telling about what they would like to see in their stamp papers. Such letters are a help in forming our own ideas and plans for the future but we can't always meet the requests of some of these letters because of the fact that we can only consider such as are most frequent. Perhaps the most frequent request we do receive is for a column devoted to Questions and Answers about stamps and stamp collecting. We have at times past carried such columns in the paper and at all times have tried to reply direct to all inquiries which are sent by readers, provided that stamped addressed envelope is enclosed for reply. A Question and Answer Column is one that is not so easily handled as some might think, due wholly to the fact that too many of the questions asked are of interest only to the individual who asks them and as such have no place in the columns of our paper. For some time past we have been thinking over a column of this nature with a definite idea behind it. First, we believe that a Question and Answer Column should be devoted principally to helping beginners and young collectors, in answering any and all sorts of questions of a definite nature that they may care to ask concerning stamps and stamp collecting.

George W. Linn

We are now going to make a trial of such a column and will try to print one or two questions and answers each week, depending on the question and the necessary wordage to answer it correctly.

In doing this and soliciting your inquiries we want to say that questions must be clearly written and space left after them on your paper for a reply or answer. A stamped addressed envelope must be enclosed for return of same as all will not find space in our columns. We can print only those that would be of some interest to other collectors. Questions must be definite inquiries concerning stamps and stamp collecting and must be such as can be answered without specification. Such questions as "What kind of an album should I use" will not be considered for to answer such a question one would first have to ask you several questions to learn what you collect, how you collect, how much can you afford to spend on your collection and a few other questions in order to advise you as to the most likely album for your use.

In sending your questions try to make them as brief and as clear as possible so that a direct and definite answer can be given. Opinions as to the value of stamps etc., will not be given.

One of our objects in attempting to set up this Question and Answer column at this time is that we intend to keep copies of all of these questions with the answers we give to them and at a later date, if sufficient interest in shown we will plan to print the Questions and Answers in a small booklet which can be used in the future to send to anyone who wants to know something about stamps. We hope in the course of time to cover about all points that are usually queried about the beginner and young collector and if the plan works out as we are trying to formulate it, we should be able to have a little booklet in a year or so from now that will answer a lot of the most ordinary questions that collectors usually ask.

In answering the questions we will not express our opinion about whether it is advisable or desirable to collect first day covers, plate number blocks, booklet panes, or any other items. We will however be glad to tell you just what these are in a manner that you should be able to understand and to tell you the general practice in collecting them as followed by the average collector.

Now, let us see if we can have a few questions to start with. If you want a direct reply, write your question on a sheet of paper and allow sufficient room after it that we can type an answer. If the question is one of general interest it will also be answered in the paper and filed for future inclusion in the proposed book of Questions and Answers.

The 5c., olive-green, postage, and the 20c., brown, air mail show a picture of the first locomotive used in Paraguay in 1861, while the 50c., sepia, postage illustrates the roadway which was involved in the liberation movement, and finally, the 1 Guarani, yellow air mail, which shows one of the restoration jobs done by the Jesuits on historical relics. (see illustration.) Six more values to complete this set are expected soon.

DID YOU KNOW...
that stamps bring very high prices on the current market?
We are willing and able to follow this trend and are prepared to pay cash prices for stamps whether they are in the form of a highly specialized collection or just "dumped" into a shoe box. At the moment we are also interested in cheap and medium-priced used U. S. postage and revenues in quantities of 100 or more.
Drop us a line and let us know what you have to offer, won't you?

Montezuma.
Sounds like a town in old Mexico doesn't it? But it's a new OHIO town using a U-121N type precancelation. A very little place on a star route, and located on the southwestern tip of Lake Saint Marys. I hope this place don't prove as tough to get as some of the other towns that were located on a lake such as Lakeview, Geauga Lake and Buckeye Lake.
P. S. S. Year Book.
We have at hand the year book of the Precancel Stamp Society. It lists over 850 names of precancel collectors and their interests and specialties. This book can only be obtained by becoming a member of the Society. To the exchanger this is of course a gold mine. We understand that following the year book the members will also get a copy of the entire list of authorized precancel using towns of the U. S. To date this has not made its appearance.
Clean Teeth.

Off times you have been told to carefully go over your precancels before you mount them and pull out all the little particulars that might be sticking to the perforations. At times this is considerable and strangely to say I think there are times that they are just as well left in. Have you never went across the top of a stamp with the tweezers and pulled out all the little disks and then wished you had left them there because the stamp looked better the way it was in the first place. If you haven't you never cleaned very many stamps. Of course I don't suggest to leave in the strays here and there on your stamps but when you come to a row with the perfs very close of cutting into the stamp you had better give it an extra survey for might not improve the looks of the stamp and very likely detract from its appearance. I have pulled some teeth that I afterwards wished I had not touched.

Swiss National Fete Day Stamps

From over in Tangier, North Africa we have received sets of a beautiful new issue of Switzerland. But little information is given with the stamps yet the illustrations will show what a splendid looking set this is and the colors are exciting. Our correspondent merely states that these are an issue of 1944 for the National Fete Day. It is evident however that they are a Red Cross issue since each stamp bears a Red Cross and a surtax which is doubtless for this cause.

The stamps as shown above are a 5c plus 5c green; 10c plus 10c black and red; 20c plus 10c red and 30c plus 10c blue.
